

Vinayak Somnath Bodke

B.Tech Artificial Intelligence & Data Science

☎ +91 7498833735 — • Pune, India — ✉ vinayakbodke82@gmail.com —

OBJECTIVE

Enthusiastic B.Tech AI & Data Science student with practical experience in data wrangling, exploratory analysis, and building machine learning models using Python and SQL. Eager to apply strong analytical abilities and visualization skills in a Data Analyst internship to help teams make well-informed, data-backed decisions.

EDUCATION

Pimpri Chinchwad University	Pune, India
B.Tech CSE (Artificial Intelligence & Data Science) CGPA: 6.77	2023 – 2027
DY Patil ACS College Class XII 55%	2023
Lion's Club Edu. Asso. English Medium School Class X 78%	2021

SKILLS

- **Data Analysis & ML:** Exploratory Data Analysis, Data Preprocessing, Feature Engineering, Statistical Analysis, Machine Learning
- **Python Libraries:** Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn, Streamlit
- **Database:** SQL
- **Languages:** Python, R, SQL
- **Tools:** Jupyter Notebook, Google Colab, VS Code, Git/GitHub

PROJECTS

- **Fitness Tracker Data Analysis** Collected and cleaned user activity datasets including steps, calories, sleep patterns, and workout logs using Pandas; handled missing values and inconsistencies to ensure data quality. Performed exploratory analysis to identify fitness trends, activity correlations, and user behavior patterns. Built an interactive Streamlit dashboard with Matplotlib and Seaborn visualizations; used SQL to query and aggregate user performance metrics across time periods.
- **Data Analysis Dashboard** Ingested and preprocessed raw multi-source datasets; resolved missing values, duplicate records, and outliers to produce clean, analysis-ready data. Conducted thorough exploratory analysis to uncover key trends, distributions, and variable correlations. Designed an interactive dashboard featuring histograms, scatter plots, heatmaps, and KPI cards to communicate actionable insights; wrote optimized SQL queries to extract and aggregate structured data efficiently.

STRENGTHS

- Sharp analytical thinker; adept at distilling complex data findings into clear, compelling narratives for both technical and non-technical audiences.
- Proactive and self-directed learner; consistently picks up new tools and methodologies with minimal guidance.
- Strong communicator and dependable team collaborator.

CERTIFICATES

Data Science & Analytics: AWS for Data Science, R Programming, Python for Data Science, Computer Networking

Management: Agile with Jira, Agile Project Management, Personal Productivity
